

LA GONÂVE HAITI PARTNERSHIP

Christmas Gifts of Hope

La Gonâve School Lunch Program

The hunger is all too real!

How precious but simple is a bowl of rice! Ask these kids and they'd tell you how great it is to have something to eat each day.

Their teachers would tell you the kids don't slump at their seats anymore with hunger and their parents would tell you how grateful they are because too often they aren't able to feed them every day. Is this a miracle??

For years, the parents asked for our help. It seemed simply overwhelming to fund this.

I believe it was divine intervention that brought this need to the attention of an organization, Stop Hunger Now, which provides the rice. Our part is to provide shipping to Haiti and then to La Gonâve and then up the mountain to the community. Plus the cost of some

cooking oil, charcoal and cooks. Our part costs 25 cents a meal per child per day or \$55/year for one child. Quite a bargain!! Add this up for 100 children, for 10 months of school, it's still a bargain!

We need your help to keep the containers of rice coming and the lunch program going. Haiti's future depends on its children. Help fuel minds with critical nutrients and promote good health. Every dollar donated will make an impact.

Women of Holy Innocents

Write checks to APC with "Haiti School lunch" in the memo line.
