APC Dayschool Summer Camp Potty Policy

Potty training is an important milestone for toddlers and young preschoolers.

APC Dayschool requires all children to be completely potty trained to attend the rising 3-year-old group at Summer Camp. (No pull-ups allowed at any time).

A child who is completely potty trained will be able to go to the bathroom without being prompted, remove their clothing, position themselves on or at the toilet, clean themselves, pull up their clothing and wash their hands, with little to no assistance from the teacher.

The Policy for the rising 3-year-old Summer Camp programs are as follows:

1st Accident: Teachers change the child and notify parents.

2nd Accident: Teachers change the child and the parent will be called to pick up the child.

3rd Accident: Teachers change the child and the parent will be called to pick up the child. A meeting will be arranged for the parents and the Director to discuss the next course of action.

Thank you for your cooperation!
